

JANUS et Cie®

BEYOND TOPIARY

Tour Our Newest Showroom in Coral Gables

JANUS et Cie has opened the doors to an elegant, new flagship at the Giralda Place Residences in Coral Gables. Serving the greater Florida area, Central and South Americas, the 5,000-square-foot showroom anchors the retail level of the newest luxury development located in the heart of "The City Beautiful."

Bright and airy, orangerie-inspired architecture pays homage to the Sunshine State's most famous export and the sophisticated botanical aesthetic is further represented by signature

JANUS et Cie faux-boxwood panels and topiary elements throughout. The welcoming space features an extensive breadth of distinctive collections, performance textiles, and decorative accessories, showcased in a collaborative, working studio environment. Innovative, cohesive workspaces invite clients to utilize the latest digital platforms for project design and execution.

Giralda Place marks JANUS et Cie's return to the Miami area and is the latest addition to its reach of 18 showrooms across North America, Australia, and Europe. We are thrilled to be open and hope you will stop by, schedule a guided tour, or browse virtually at legacy.janusetcie.com/location/coralgables.
