Après Ski: Winter in Aspen & Snowmass featuring JANUS et Cie

This winter season, JANUS et Cie partners with The Snow Lodge Aspen and The Après-Ski Club Snowmass with a tremendous display of luxurious outdoor furniture.

Located within The St. Regis Aspen Resort, The Snow Lodge is a celebrated après-ski destination known for its vibrant atmosphere, live entertainment, and elevated hospitality. A curated selection of JANUS et Cie's signature collections is showcased in The St. Regis Aspen Fountain Courtyard, offering guests an inviting space to take in mountain views and world-class entertainment while unwinding in Matisse Teak club chairs and sofas, coupled with Tahoe cocktail tables, Drum side tables, and the warm glow of Montpelier lanterns.

Set within the Viewline Resort Snowmass, a ski-in, ski-out alpine retreat, JANUS et Cie furnishings complement the rhythm of life on the mountain. Matisse club chairs and sofas paired with Duo cocktails tables, Ditto side tables, and Lorient lanterns come together to create a thoughtfully composed outdoor atmosphere just steps from the slopes.

On display for the duration of the season in Aspen and Snowmass through March 31, 2026, JANUS et Cie proudly spotlights distinguished pieces from

the Amari and Arbor collections, Quinta reclining lounge chairs, Louise cocktail tables, Rock Garden and Chrysanthemum side tables, Bon Vivant poufs, as well as Marigot lanterns.
