

JANUS et Cie®

BEYOND TOPIARY

A Floral Masterclass in London

On a cool February evening in London, 25 interior designers and the JANUS et Cie team met at our Fulham Road showroom to kick off the outdoor specifying season with a floral masterclass, refreshments, and great company.

Expertly led by floral designer and OLISE Magazine Editor-in-Chief, Bilen Zeremariam, guests learned all about the art of putting together their own arrangements.

Gathered around tables overflowed with stunning flowers in whites, creams, and greens, including roses, tulips, daisies, sea holly, and baby's breath, the designers brought each bouquet together with lush accents.
