

JANUS et Cie®

BEYOND TOPIARY

Sculptural Poolside Living at Holiday House Wellington

From March 4 through May 3, JANUS et Cie is featured at Holiday House Wellington's inaugural designer showhouse in Florida.

Taking place at two stunning properties at The Palm Beach Polo Club, the event raises funds for The Breast Cancer Research Foundation and falls under the umbrella of Holiday House NYC, founded by 20+-year breast cancer survivor Iris Dankner.

Nestled by the pool on Lot 21, JANUS et Cie's Duo stackable mesh chaise lounges are completed with headrests in our playful Zip textile, while JANUS umbrellas and Coast side tables create a perfect respite for relaxing in the Florida sun.

The lounge area under the porch is highlighted by handwoven Orchid chaise lounges, a luxurious Duo daybed with an Ombre throw blanket, Kanji and Echo tables, and Lorient lanterns, while the dining ensemble includes an AllSize dining table, Forest dining chairs, and Habitat tabletop décor. Textiles in various shades of blues and whites bring a Palm Beach feel to the vignette, and include our Desert Diamond, Cliffside, Urban Canvas, and Coastal Bands fabrics.
